ALCHEMIST — WEALTH —

Alchemist Wealth, LLC

4998 High Hollow Ln
Cincinnati, Ohio 45223

Form ADV Part 2A – Firm Brochure

(513) 201-7230

Dated February, 16 2024

This Brochure provides information about the qualifications and business practices of Alchemist Wealth, LLC, “AW”. If you have any questions about the contents of this Brochure, please contact us at (513) 201-7230. The information in this Brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Alchemist Wealth, LLC is registered as an Investment Adviser with the State of Ohio. Registration of an Investment Adviser does not imply any level of skill or training.

Additional information about AW is available on the SEC’s website at www.adviserinfo.sec.gov, which can be found using the firm’s identification number, 311130.

Item 2: Material Changes

The last update of this Brochure was filed on November 29, 2023. The following changes have been made to this version of the Disclosure Brochure:

- Item 4: AW has updated Estate Planning Service offering. Please see Item 4 for details
- Item 5: AW has updated Fees and Compensation for Financial Planning and Consulting, and Estate Planning services. Please see Item 5 for details.
- Item 12: AW has updated Brokerage Practices. Custodian has been changed from Apex Clearing Corporation to Altruist Financial LLC. Please see Item 12 for details.

From time to time, we may amend this Brochure to reflect changes in our business practices, changes in regulations, and routine annual updates as required by securities regulators. Either this complete Brochure or a Summary of Material Changes shall be provided to each Client annually and if a material change occurs in the business practices of Alchemist Wealth, LLC.

Item 4: Advisory Business

Description of Advisory Firm

Alchemist Wealth, LLC is registered as an Investment Adviser with the State of Ohio in 2020. Andrew Tudor and Fred Tudor III are the principal owners of AW. AW reports \$3,631,719 in discretionary and \$0 in non-discretionary Assets Under Management. Assets Under Management were calculated as of December 31, 2023.

Types of Advisory Services

Investment Management Services Using Third Party Managers, Outside Managers, or Sub-Advisors (TAMPs)

Our firm provides continuous advice to a Client regarding the investment of Client funds based on the individual needs of the Client. Through personal discussions in which goals and objectives based on a Client's particular circumstances are established, we develop a Client's personal investment policy or an investment plan with an asset allocation target and create and manage a portfolio based on that policy and allocation targets. We will also review and discuss a Client's prior investment history, as well as family composition and background.

We offer the use of Third Party Managers, Outside Managers, or Sub-Advisors (TAMPs) for portfolio management services. We assist Clients in selecting an appropriate allocation model, completing the Outside Manager's investor profile questionnaire, interacting with the Outside Manager and reviewing the Outside Manager. Our review process and analysis of outside managers is further discussed in Item 8 of this Form ADV Part 2A. Additionally, we will meet with the Client on a periodic basis to discuss changes in their personal or financial situation, suitability, and any new or revised restrictions to be applied to the account. Fees pertaining to this service are outlined in Item 5 of this brochure.

Orion Portfolio Solutions, LLC (OPS) AW offers non-discretionary management services through a program sponsored by Orion Portfolio Solutions, LLC (OPS) ("FTJ"). The terms and conditions under which the client shall engage Orion Portfolio Solutions, LLC (OPS) shall be set forth in separate written agreements between (1) the client and AI and (2) the client and Orion Portfolio Solutions, LLC (OPS). AW shall continue to render advisory services to the client relative to the ongoing monitoring and review of account performance, for which AW shall receive an annual advisory fee which is based upon a percentage of the market value of the assets being managed by Orion Portfolio Solutions, LLC (OPS). Factors that AW shall consider in recommending Orion Portfolio Solutions, LLC (OPS) include the client's stated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research. In addition to AW's written disclosure statement, the client shall also receive the written disclosure statement of Orion Portfolio Solutions, LLC (OPS). Clients should review Orion Portfolio Solutions, LLC (OPS)'s ADV Part 2 or Terms of Use for additional details regarding services.

Project-Based Financial Planning Service

We provide project-based financial planning services on topics such as retirement planning, risk management, college savings, cash flow, debt management, work benefits, and estate and incapacity planning.

Financial planning involves an evaluation of a Client's current and future financial state by using currently known variables to predict future cash flows, asset values, and withdrawal plans. The key defining aspect of financial planning is that through the financial planning process, all questions, information, and analysis will be considered

as they affect and are affected by the entire financial and life situation of the Client. Clients purchasing this service will receive a written or an electronic report, providing the Client with a detailed financial plan designed to achieve his or her stated financial goals and objectives.

In general, the financial plan will address any or all of the following areas of concern. The Client and advisor will work together to select specific areas to cover. These areas may include, but are not limited to, the following:

Business Planning: We provide consulting services for Clients who currently operate their own business, are considering starting a business, or are planning for an exit from their current business. Under this type of engagement, we work with you to assess your current situation, identify your objectives, and develop a plan aimed at achieving your goals.

Cash Flow and Debt Management: We will conduct a review of your income and expenses to determine your current surplus or deficit along with advice on prioritizing how any surplus should be used or how to reduce expenses if they exceed your income. Advice may also be provided on which debts to pay off first based on factors such as the interest rate of the debt and any income tax ramifications. We may also recommend what we believe to be an appropriate cash reserve that should be considered for emergencies and other financial goals, along with a review of accounts (such as money market funds) for such reserves, plus strategies to save desired amounts.

College Savings: Includes projecting the amount that will be needed to achieve college or other post-secondary education funding goals, along with advice on ways for you to save the desired amount. Recommendations as to savings strategies are included, and, if needed, we will review your financial picture as it relates to eligibility for financial aid or the best way to contribute to grandchildren (if appropriate).

Employee Benefits Optimization: We will provide review and analysis as to whether you, as an employee, are taking the maximum advantage possible of your employee benefits. If you are a business owner, we will consider and/or recommend the various benefit programs that can be structured to meet both business and personal retirement goals.

Estate Planning: This usually includes an analysis of your exposure to estate taxes and your current estate plan, which may include whether you have a will, powers of attorney, trusts, and other related documents. Our advice also typically includes ways for you to minimize or avoid future estate taxes by implementing appropriate estate planning strategies such as the use of applicable trusts. We always recommend that you consult with a qualified attorney when you initiate, update, or complete estate planning activities. We may provide you with contact information for attorneys who specialize in estate planning when you wish to hire an attorney for such purposes. From time-to-time, we will participate in meetings or phone calls between you and your attorney with your approval or request.

Additionally, we offer a range of Estate Planning services options to accommodate our clients varied needs:

1. Stand-Alone Estate Planning Services: Tailored for individuals in need of specialized estate planning guidance, our stand-alone services are available independently of our Financial Planning or Investment Management offerings. This option is designed for clients seeking dedicated estate planning support. Fees for these services are billed separately and are detailed in Item 5 of our ADV.

2. Estate Planning as a Component of Comprehensive Financial Planning - We offer Estate Planning services as part of our ongoing financial planning services for our clients to assist with

general information as it applies to reviews of existing plans, gathering information needed to provide outside firms in the creation of documents, and updating existing plans for clients. For clients engaging in financial planning services, there is no separate fee for estate planning services. However, the client's ongoing or one-time financial planning fees may be higher if we anticipate that estate planning services are needed as part of their comprehensive financial planning arrangement at the start of the engagement.

3. Add-On Service - We offer Estate Planning services to our ongoing financial planning clients and our investment management clients to assist with general information as it applies to reviews of existing plans, gathering information needed to provide outside firms in the creation of documents, and updating existing plans for clients. The fees associated with estate planning services are separate, in addition to your ongoing financial planning or advisory fees, and are disclosed in Item 5.

In delivering our estate planning services, depending on the client's needs and desires for estate planning document review, preparation, or updates, we will engage with EncorEstate Plans, Trust & Will, or with experienced estate planning attorneys. This collaborative approach ensures that you receive top-tier estate planning assistance tailored to your unique needs and preferences.

If outside referral services are utilized in estate planning, the client will pay those service providers directly. Clients are not required to utilize any third-party products or services that we may recommend, and they can receive similar services from other professionals at a similar or lower cost.

Financial Goals: We will help Clients identify financial goals and develop a plan to reach them. We will identify what you plan to accomplish, what resources you will need to make it happen, how much time you will need to reach the goal, and how much you should budget for your goal.

Insurance: Review of existing policies to ensure proper coverage for life, health, disability, long-term care, liability, home, and automobile.

Investment Analysis: This may involve developing an asset allocation strategy to meet Clients' financial goals and risk tolerance, providing information on investment vehicles and strategies, reviewing employee stock options, as well as assisting you in establishing your own investment account at a selected broker/dealer or custodian. The strategies and types of investments we may recommend are further discussed in Item 8 of this brochure.

Retirement Planning: Our retirement planning services typically include projections of your likelihood of achieving your financial goals, typically focusing on financial independence as the primary objective. For situations where projections show less than the desired results, we may make recommendations, including those that may impact the original projections by adjusting certain variables (e.g., working longer, saving more, spending less, taking more risk with investments).

If you are near retirement or already retired, advice may be given on appropriate distribution strategies to minimize the likelihood of running out of money or having to adversely alter spending during your retirement years

Risk Management: A risk management review includes an analysis of your exposure to major risks that could have a significant adverse impact on your financial picture, such as premature death, disability, property

and casualty losses, or the need for long-term care planning. Advice may be provided on ways to minimize such risks and about weighing the costs of purchasing insurance versus the benefits of doing so and, likewise, the potential cost of not purchasing insurance (“self-insuring”).

Tax Planning Strategies: Advice may include ways to minimize current and future income taxes as a part of your overall financial planning picture. For example, we may make recommendations on which type of account(s) or specific investments should be owned based in part on their “tax efficiency,” with the consideration that there is always a possibility of future changes to federal, state or local tax laws and rates that may impact your situation.

We recommend that you consult with a qualified tax professional before initiating any tax planning strategy, and we may provide you with contact information for accountants or attorneys who specialize in this area if you wish to hire someone for such purposes. We will participate in meetings or phone calls between you and your tax professional with your approval.

Ongoing Comprehensive Financial Planning

This service involves working one-on-one with a planner over an extended period of time. By paying an ongoing fee, Clients get to work with a planner who will work with them to develop and implement their plan. The planner will monitor the plan, recommend any changes and ensure the plan is up to date.

Upon desiring a comprehensive plan, a Client will be taken through establishing their goals and values around money. They will be required to provide information to help complete the following areas of analysis: net worth, cash flow, insurance, credit scores/reports, employee benefit, retirement planning, insurance, investments, college planning, and estate planning. Once the Client's information is reviewed, their plan will be built and analyzed, and then the findings, analysis and potential changes to their current situation will be reviewed with the Client. Clients subscribing to this service will receive a written or an electronic report, providing the Client with a detailed financial plan designed to achieve his or her stated financial goals and objectives. If a follow-up meeting is required, we will meet at the Client's convenience. The plan and the Client's financial situation and goals will be monitored throughout the year and follow-up phone calls and emails will be made to the Client to confirm that any agreed upon action steps have been carried out. On an annual basis, there will be a full review of this plan to ensure its accuracy and ongoing appropriateness. Any needed updates will be implemented at that time.

Educational Seminars/Speaking Engagements

We may provide seminars on an “as announced” basis for groups seeking general advice on investments and other areas of personal finance. The content of these seminars will vary depending upon the needs of the attendees. These seminars are purely educational in nature and do not involve the sale of any investment products. Information presented will not be based on any individual's person's need, nor does AW provide individualized investment advice to attendees during these seminars.

Client Tailored Services and Client Imposed Restrictions

We offer the same suite of services to all of our Clients. However, specific Client financial plans and their implementation are dependent upon the Client Investment Policy Statement which outlines each Client's current situation (income, tax levels, and risk tolerance levels) and is used to construct a Client specific plan to aid in the selection of a portfolio that matches restrictions, needs, and targets.

Wrap Fee Programs

We do not participate in wrap fee programs.

Item 5: Fees and Compensation

Please note, unless a Client has received the firm's Disclosure Brochure at least 48 hours prior to signing the investment advisory contract, the investment advisory contract may be terminated by the Client within five (5) business days of signing the contract without incurring any advisory fees. How we are paid depends on the type of advisory service we are performing. Please review the fee and compensation information below.

Investment Management Services Using Third Party Managers, Outside Managers, or Sub-Advisors (TAMPs)

The standard advisory fee is based on the market value of the account and is calculated as follows:

Account Value	Annual Advisory Fee
\$0 - \$1,000,000	1.25%
\$1,000,001 - \$5,000,000	1.00%
Above \$5,000,001	0.75%

The annual fees are negotiable, prorated and paid in arrears on a monthly basis. The advisory fee is a blended fee calculated by assessing the percentage rates as shown in the above chart, resulting in a combined weighted fee. For example, an account valued at \$2,000,000 would pay an effective fee of 1.125% with the annual fee of \$22,500. The monthly fee is determined by the following calculation: $((\$1,000,000 \times 1.25\%) + (\$1,000,000 \times 1.00\%)) \div 12 = \1875 . No increase in the annual fee shall be effective without agreement from the Client by signing a new agreement or amendment to their current advisory agreement. Please note, the above fee schedule does not include the Outside Manager's fee.

The outside manager will calculate period-end account values after all dividends settle in the account, therefore, the account value used to calculate advisory fees may differ from that of the custodial account statement. The Outside Manager will debit the Client's account for both the Outside Manager's fee, and AW's advisory fee, and will remit AW's fee to AW.

Accounts initiated or terminated during a calendar quarter will be charged a prorated fee based on the amount of time remaining in the billing period. An account may be terminated with written notice at least 30 calendar days in advance. Since fees are paid in arrears, no refund will be needed upon termination of the account.

Ongoing Comprehensive Financial Planning

Ongoing Financial Planning consists of an upfront charge of \$1,000-\$5,000 and an ongoing annual fee of \$2,500-\$10,000 per year. Fees are based on complexity and needs of the Client and may be negotiable in certain cases. Fees may be paid either monthly or quarterly, in advance, by electronic funds transfer or check.

The upfront portion of the fee is for Client onboarding, data gathering, and setting the basis for the financial plan. This work will commence immediately after the fee is paid, and will be completed within the first 30 days of the date the fee is paid. Therefore, the upfront portion of the fee will not be paid more than 6 months in advance.

Project-Based Financial Planning Fixed Fee

Project-Based Financial Planning is offered on a fixed fee basis. The fixed fee will be agreed upon before the start of any work and may be negotiable in certain cases. The fixed fee can range between \$250 and \$20,000, depending on complexity and scope of the engagement. If a fixed fee program is chosen, a portion of fee, usually half, is due at the beginning of the process and the remainder is due at completion of work, however, AW will not bill an amount above \$500 more than 6 months in advance. Fees for this service may be paid by electronic funds transfer or check. In the event of early termination any prepaid but unearned fees will be refunded to the Client and any completed deliverables of the project will be provided to the Client.

Estate Planning

In the instance that Estate Planning Service fees are not included in the comprehensive financial plan fee, and the Estate Planning fees are billed separately, the fee will be determined based on the complexity of the planning services needed. The fee can range between \$250 and \$20,000, depending on complexity and scope of the engagement. If a fixed fee program is chosen, a portion of fee, usually half, is due at the beginning of the process and the remainder is due at completion of work, however, AW will not bill an amount above \$500 more than 6 months in advance. Fees for this service may be paid by electronic funds transfer or check. In the event of early termination any prepaid but unearned fees will be refunded to the Client and any completed deliverables of the project will be provided to the Client. The fees may be negotiable in certain cases, will be agreed to at the start of the engagement, and are due at the end of the engagement. Clients are not required to utilize any third-party products or services that we may recommend, and they can receive similar services from other professionals at a similar or lower cost.

Educational Seminars/ Speaking Engagements

Seminars and speaking engagements are offered to organizations and the public on a variety of financial topics. Fees range from \$200-\$5,000 per seminar, or \$10-\$500 per participant. Half of the fees are due prior to the engagement, and the other half is to be paid the day of, no later than the conclusion of the engagement. The fee range is based on the content, amount of research conducted, the number of hours of preparation needed, and the number of attendees. Fees for this service may be paid by electronic funds transfer or check.

In the event the Client decides to cancel or change the date of the event for any reason besides weather or similar unforeseen causes, the Client will be responsible for reimbursement of any non-refundable travel expenses already incurred, and will provide payment for 50% of the Speaker's fee if the cancellation occurs within 30 days of the event. In the event that the Speaker must cancel due to health or similar unforeseen circumstances, the Speaker will make all attempts to find a reasonable alternative engagement date and will absorb any incremental additional costs for obtaining alternative travel arrangements. If an alternative date cannot be obtained, the Client will not be responsible for any travel costs already incurred by the Speaker or any portion of the Speaker's fee.

In the event of inclement weather or flight cancellation, the Speaker shall make all reasonable attempts to make alternative travel arrangements to arrive in time for the presentation. If travel proves impossible, or the event is otherwise canceled, the Speaker's fee is waived, but the Client will still be responsible for reimbursement of any non-refundable travel expenses already incurred. In the event that the Client decides to cancel or change the date of the event for any reason besides weather or similar unforeseen causes, the Client will still be responsible for reimbursement of any non-refundable travel expenses already incurred, and will provide payment for 50% of the Speaker's fee if the cancellation occurs within 30 days of the event.

Educational Seminars and Speaking Engagements may be provided pro-bono at AW's discretion.

Other Types of Fees and Expenses

Our fees are exclusive of brokerage commissions, transaction fees, and other related costs and expenses which may be incurred by the Client. Clients may incur certain charges imposed by custodians, brokers, and other third parties such as custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer, and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. Mutual fund and exchange-traded funds also charge internal management fees, which are disclosed in a fund's prospectus. Such charges, fees, and commissions are exclusive of and in addition to our fee, and we shall not receive any portion of these commissions, fees, and costs.

Item 12 further describes the factors that we consider in selecting or recommending broker-dealers for Client's transactions and determining the reasonableness of their compensation (e.g., commissions).

We do not accept compensation for the sale of securities or other investment products including asset-based sales charges or service fees from the sale of mutual funds.

Item 6: Performance-Based Fees and Side-By-Side Management

We do not offer performance-based fees and do not engage in side-by-side management.

Item 7: Types of Clients

We provide financial planning and portfolio management services to individuals and high net-worth individuals.

We do not have a minimum account size requirement.

Item 8: Methods of Analysis, Investment Strategies and Risk of Loss

Our primary method of investment analysis is Fundamental analysis.

Fundamental analysis involves analyzing individual companies and their industry groups, such as a company's financial statements, details regarding the company's product line, the experience, and expertise of the company's management, and the outlook for the company's industry. The resulting data is used to measure the true value of the company's stock compared to the current market value. The risk of fundamental analysis is that the information obtained may be incorrect and the analysis may not provide an accurate estimate of earnings, which may be the basis for a stock's value. If securities prices adjust rapidly to new information, utilizing fundamental analysis may not result in favorable performance.

Strategic Asset Allocation is the focus of our investment strategy. In the portfolio construction process, we focus not only on asset classes such as equities, fixed income, and cash, but also on investment strategy styles such as fundamental, quantitative, active, and passive. We believe that diversification across both asset classes and investment strategies is critical for achieving an attractive reward-to-risk ratio in the portfolio. We employ both strategic and tactical asset allocation approaches. Through strategic asset allocation, we construct our long-term target weights for asset classes and strategies based on the client's time horizon, risk tolerance, and required rate of return to meet his or her financial goals. Through

tactical asset allocation approaches, we may deviate from target long-term weights established according to our strategic asset allocation approach within tolerance ranges based on our return expectations for asset classes and investment strategies at a given point in the market cycle.

Use of Outside Managers: We refer Clients to third-party investment advisers ("outside managers"). Our analysis of outside managers involves the examination of the experience, expertise, investment philosophies, and past performance of the outside managers in an attempt to determine if that manager has demonstrated an ability to invest over a period of time and in different economic conditions. We monitor the manager's underlying holdings, strategies, concentrations, and leverage as part of our overall periodic risk assessment. Additionally, as part of our due diligence process, we survey the manager's compliance and business enterprise risks. A risk of investing with an outside manager who has been successful in the past is that he or she may not be able to replicate that success in the future. In addition, as we do not control the underlying investments in an outside manager's portfolio. There is also a risk that a manager may deviate from the stated investment mandate or strategy of the portfolio, making it a less suitable investment for our Clients. Moreover, as we do not control the manager's daily business and compliance operations, we may be unaware of the lack of internal controls necessary to prevent business, regulatory or reputational deficiencies.

Material Risks Involved

All investing strategies we offer involve risk and may result in a loss of your original investment which you should be prepared to bear. Many of these risks apply equally to stocks, bonds, commodities, and any other investment or security. Material risks associated with our investment strategies are listed below.

Market Risk: Market risk involves the possibility that an investment's current market value will fall because of a general market decline, reducing the value of the investment regardless of the operational success of the issuer's operations or its financial condition.

Strategy Risk: The Adviser's investment strategies and/or investment techniques may not work as intended.

Small and Medium Cap Company Risk: Securities of companies with small and medium market capitalizations are often more volatile and less liquid than investments in larger companies. Small and medium cap companies may face a greater risk of business failure, which could increase the volatility of the Client's portfolio.

Turnover Risk: At times, the strategy may have a portfolio turnover rate that is higher than other strategies. A high portfolio turnover would result in correspondingly greater brokerage commission expenses and may result in the distribution of additional capital gains for tax purposes. These factors may negatively affect the account's performance.

Interest Rate Risk: Bond (fixed income) prices generally fall when interest rates rise, and the value may fall below par value or the principal investment. The opposite is also generally true: bond prices generally rise when interest rates fall. In general, fixed income securities with longer maturities are more sensitive to these price changes. Most other investments are also sensitive to the level and direction of interest rates.

Legal or Legislative Risk: Legislative changes or Court rulings may impact the value of investments, or the securities' claim on the issuer's assets and finances.

Inflation: Inflation may erode the buying power of your investment portfolio, even if the dollar value of your investments remains the same.

Risks Associated with Securities

Apart from the general risks outlined above which apply to all types of investments, specific securities may have other risks.

Common stocks may go up and down in price quite dramatically, and in the event of an issuer's bankruptcy or restructuring could lose all value. A slower-growth or recessionary economic environment could have an adverse effect on the price of all stocks.

Corporate Bonds are debt securities to borrow money. Generally, issuers pay investors periodic interest and repay the amount borrowed either periodically during the life of the security and/or at maturity. Alternatively, investors can purchase other debt securities, such as zero coupon bonds, which do not pay current interest, but rather are priced at a discount from their face values and their values accrete over time to face value at maturity. The market prices of debt securities fluctuate depending on factors such as interest rates, credit quality, and maturity. In general, market prices of debt securities decline when interest rates rise and increase when interest rates fall. The longer the time to a bond's maturity, the greater its interest rate risk.

Bank Obligations including bonds and certificates of deposit may be vulnerable to setbacks or panics in the banking industry. Banks and other financial institutions are greatly affected by interest rates and may be adversely affected by downturns in the U.S. and foreign economies or changes in banking regulations.

Municipal Bonds are debt obligations generally issued to obtain funds for various public purposes, including the construction of public facilities. Municipal bonds pay a lower rate of return than most other types of bonds. However, because of a municipal bond's tax-favored status, investors should compare the relative after-tax return to the after-tax return of other bonds, depending on the investor's tax bracket. Investing in municipal bonds carries the same general risks as investing in bonds in general. Those risks include interest rate risk, reinvestment risk, inflation risk, market risk, call or redemption risk, credit risk, and liquidity and valuation risk.

Exchange Traded Funds prices may vary significantly from the Net Asset Value due to market conditions. Certain Exchange Traded Funds may not track underlying benchmarks as expected. ETFs are also subject to the following risks: (i) an ETF's shares may trade at a market price that is above or below their net asset value; (ii) the ETF may employ an investment strategy that utilizes high leverage ratios; or (iii) trading of an ETF's shares may be halted if the listing exchange's officials deem such action appropriate, the shares are de-listed from the exchange, or the activation of market-wide "circuit breakers" (which are tied to large decreases in stock prices) halts stock trading generally. The Adviser has no control over the risks taken by the underlying funds in which the Clients invest.

Mutual Funds: When a Client invests in open-end mutual funds or ETFs, the Client indirectly bears its proportionate share of any fees and expenses payable directly by those funds. Therefore, the Client will incur higher expenses, many of which may be duplicative. In addition, the Client's overall portfolio may be affected by losses of an underlying fund and the level of risk arising from the investment practices of an underlying fund (such as the use of derivatives).

Item 9: Disciplinary Information

Criminal or Civil Actions

AW and its management have not been involved in any criminal or civil action.

Administrative Enforcement Proceedings

AW and its management have not been involved in administrative enforcement proceedings.

Self-Regulatory Organization Enforcement Proceedings

AW and its management have not been involved in legal or disciplinary events that are material to a Client's or prospective Client's evaluation of AW or the integrity of its management.

Item 10: Other Financial Industry Activities and Affiliations

No AW employee is registered, or has an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.

No AW employee is registered, or has an application pending to register, as a futures commission merchant, commodity pool operator or a commodity trading advisor.

AW does not have any related parties. As a result, we do not have a relationship with any related parties.

AW only receives compensation directly from Clients. We do not receive compensation from any outside source. We do not have any conflicts of interest with any outside party.

Andrew Tudor is currently a licensed insurance agent, however, he no longer sells any insurance products, and is not affiliated with any insurance companies. Andrew Tudor will not sell any insurance products to clients or prospective clients of AW.

Recommendations or Selections of Other Investment Advisers

As referenced in Item 4 of this brochure, AW recommends Clients to Outside Managers to manage their accounts. In the event that we recommend an Outside Manager, please note that we do not share in their advisory fee. Our fee is separate and in addition to their compensation (as noted in Item 5) and will be described to you prior to engagement. You are not obligated, contractually or otherwise, to use the services of any Outside Manager we recommend. Additionally, AW will only recommend an Outside Manager who is properly licensed or registered as an investment adviser.

Item 11: Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

As a fiduciary, our firm and its associates have a duty of utmost good faith to act solely in the best interests of each Client. Our Clients entrust us with their funds and personal information, which in turn places a high standard on our conduct and integrity. Our fiduciary duty is a core aspect of our Code of Ethics and represents the expected basis of all of our dealings. The firm also adheres to the Code of Ethics and Professional Responsibility adopted by the CFP® Board of Standards Inc., and accepts the obligation not only to comply with the mandates and requirements of all applicable laws and regulations but also to take responsibility to act in an ethical and professionally responsible manner in all professional services and activities.

Code of Ethics Description

This code does not attempt to identify all possible conflicts of interest, and literal compliance with each of its specific provisions will not shield associated persons from liability for personal trading or other conduct that violates a fiduciary duty to advisory Clients. A summary of the Code of Ethics' Principles is outlined below.

- Integrity - Associated persons shall offer and provide professional services with integrity.
- Objectivity - Associated persons shall be objective in providing professional services to Clients.
- Competence - Associated persons shall provide services to Clients competently and maintain the necessary knowledge and skill to continue to do so in those areas in which they are engaged.
- Fairness - Associated persons shall perform professional services in a manner that is fair and reasonable to Clients, principals, partners, and employers, and shall disclose conflict(s) of interest in providing such services.
- Confidentiality - Associated persons shall not disclose confidential Client information without the specific consent of the Client unless in response to proper legal process, or as required by law.
- Professionalism - Associated persons' conduct in all matters shall reflect the credit of the profession.
- Diligence - Associated persons shall act diligently in providing professional services.

We periodically review and amend our Code of Ethics to ensure that it remains current, and we require all firm access persons to attest to their understanding of and adherence to the Code of Ethics at least annually. Our firm will provide a copy of its Code of Ethics to any Client or prospective Client upon request.

Investment Recommendations Involving a Material Financial Interest and Conflicts of Interest

Neither our firm, its associates or any related person is authorized to recommend to a Client or effect a transaction for a Client, involving any security in which our firm or a related person has a material financial interest, such as in the capacity as an underwriter, adviser to the issuer, etc.

Advisory Firm Purchase of Same Securities Recommended to Clients and Conflicts of Interest

Our firm and its “related persons” do not invest in the same securities, or related securities, e.g., warrants, options or futures, which we recommend to Clients.

Trading Securities At/Around the Same Time as Client’s Securities

Because our firm and its “related persons” do not invest in the same securities, or related securities, e.g., warrants, options or futures, which we recommend to Clients, we do not trade in securities at or around the same time as Clients.

Item 12: Brokerage Practices

Factors Used to Select Custodians and/or Broker-Dealers

In recommending broker-dealers, we have an obligation to seek the “best execution” of transactions in Client accounts. The determinative factor in the analysis of best execution is not the lowest possible commission cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of the broker-dealer’s services. The factors we consider when evaluating a broker-dealer for best execution include, without limitation, the broker-dealer’s:

- Execution capability;
- Commission rate;
- Financial responsibility;
- Responsiveness and customer service;
- Custodian capabilities;
- Research services/ancillary brokerage services provided; and
- Any other factors that we consider relevant.

With this in consideration, our firm recommends Altruist, an independent and unaffiliated SEC registered broker-dealer firm and member of the Financial Industry Regulatory Authority (“FINRA”) and the Securities Investor Protection Corporation (“SIPC”). Although clients may request us to use a broker-dealer of their choosing, we generally recommend that clients open brokerage accounts with Altruist. We are not affiliated with Altruist. The Client will ultimately make the final decision of the Custodian to be used to hold the Client’s investments by signing the selected broker-dealer’s account opening documentation.

Research and Other Soft-Dollar Benefits

We do not have any soft-dollar arrangements with broker-dealers whereby soft-dollar credits, used to purchase products and services, are earned directly in proportion to the amount of commissions paid by a Client. However, as a result of being on their institutional platform, Altruist may provide us with certain services that may benefit us.

Brokerage for Client Referrals

We receive no referrals from a broker-dealer or third party in exchange for using that broker-dealer or third party.

Clients Directing Which Broker/Dealer/Custodian to Use

We do recommend a specific custodian for Clients to use, however, Clients may custody their assets at a custodian of their choice. Clients may also direct us to use a specific broker-dealer to execute transactions. By allowing Clients to choose a specific custodian, we may be unable to achieve the most favorable execution of Client transactions and this may cost Clients money over using a lower-cost custodian.

The Custodian and Brokers We Use (Altruist Financial LLC)

Alchemist Wealth offers investment advisory services through the custodial platform offered by Altruist Financial LLC (“Altruist”), an unaffiliated SEC- registered broker dealer and FINRA/SIPC member. Custody, clearing and execution services are provided by Altruist Financial LLC as a self-clearing broker-dealer. Alchemist Wealth’s clients establish brokerage accounts through Altruist. Alchemist Wealth maintains an institutional relationship with Altruist whereby Altruist provides certain benefits to Alchemist Wealth, including a fully digital account opening process, a variety of available investments, and integration with software tools that can benefit Alchemist Wealth and its clients. Alchemist Wealth is not affiliated with Altruist. Altruist does not supervise Alchemist Wealth, its agents, activities, or its regulatory

Alchemist Wealth participates in the Model Marketplace [and/or uses tax management tools] of Altruist LLC, an SEC-registered investment adviser and affiliate of Altruist Financial LLC. Through the Model Marketplace, AW has access to model portfolios including Altruist LLC-generated portfolios and Third-Party Portfolios, to assist it in managing or advising AW client accounts. AW also has the ability to create custom model portfolios, and has access to tax management tools for use with Altruist LLC-generated portfolios, Third-Party Portfolios, and custom model portfolios, to assist AW in managing or advising its client accounts. Altruist LLC’s Model Marketplace fees and tax management tool fees – each of which range between 0.00% and 1.00% and are listed in the Altruist LLC Fee Schedule available at altruist.com/legal – are automatically deducted from AW’s house account or passed through to and debited from clients’ accounts, according to the instruction of AW. Altruist LLC and its affiliates do not act as investment advisers or fiduciary to AW clients. AW is responsible for suitability of

all investment decisions and transactions for client accounts subscribed to model portfolios through the Model Marketplace.

Aggregating (Block) Trading for Multiple Client Accounts

Generally, we combine multiple orders for shares of the same securities purchased for advisory accounts we manage (this practice is commonly referred to as “block trading”). We will then distribute a portion of the shares to participating accounts in a fair and equitable manner. The distribution of the shares purchased is typically proportionate to the size of the account, but it is not based on account performance or the amount or structure of management fees. Subject to our discretion, regarding particular circumstances and market conditions, when we combine orders, each participating account pays an average price per share for all transactions and pays a proportionate share of all transaction costs. Accounts owned by our firm or access persons may participate in block trading with your accounts; however, they will not be given preferential treatment.

Outside Managers used by AW may block Client trades at their discretion. Their specific practices are further discussed in their ADV Part 2A, Item 12.

Item 13: Review of Accounts

Andrew Tudor, Chief Wealth Coach and CCO of AW, will work with Clients to obtain current information regarding their assets and investment holdings and will review this information as part of our financial planning services. AW does not provide specific reports to financial planning Clients, other than financial plans.

Client accounts with the Investment Advisory Service will be reviewed regularly on a quarterly basis by Andrew Tudor, Chief Wealth Coach and CCO. The account is reviewed with regards to the Client’s investment policies and risk tolerance levels. Events that may trigger a special review would be unusual performance, addition or deletions of Client imposed restrictions, excessive draw-down, volatility in performance, or buy and sell decisions from the firm or per Client's needs.

Clients will receive trade confirmations from the broker(s) for each transaction in their accounts as well as monthly or quarterly statements and annual tax reporting statements from their custodian showing all activity in the accounts, such as receipt of dividends and interest.

Written reports will be provided to Investment Management Clients on a quarterly basis. We urge Clients to compare these reports against the account statements they receive from their custodian.

Item 14: Client Referrals and Other Compensation

The Advisor engages independent solicitors to provide client referrals. If a client is referred to us by a solicitor, this practice is disclosed to the client in writing by the solicitor and the Advisor pays the solicitor out of its own funds—specifically, the Advisor generally pays the solicitor a portion of the advisory fees earned for managing the capital of the client or investor that was referred. The use of solicitors is strictly regulated under applicable federal and state law. The Advisor’s policy is to fully comply with the requirements of Rule 206(4)-3, under the Investment Advisers Act of 1940, as amended, and similar state rules, as applicable.

Zoe Financial

The Advisor may receive client referrals from Zoe Financial, Inc through its participation in Zoe Advisor Network (ZAN). Zoe Financial, Inc is independent of and unaffiliated with the Advisor and there is no employee relationship between them. Zoe Financial established the Zoe Advisor Network as a means of referring individuals and other investors seeking fiduciary personal investment management services or financial planning services to independent investment advisors. Zoe Financial does not supervise the Advisor and has no responsibility for the Advisor's management of client portfolios or the Advisor's other advice or services. The Advisor pays Zoe Financial an on-going fee for each successful client referral. This fee is usually a percentage of the advisory fee that the client pays to the Advisor ("Solicitation Fee"). The Advisor will not charge clients referred through Zoe Advisor Network any fees or costs higher than its standard fee schedule offered to its clients. For information regarding additional or other fees paid directly or indirectly to Zoe Financial Inc, please refer to the Zoe Financial Disclosure and Acknowledgement Form

TD Ameritade

As disclosed under Item 12, above, Advisor participates in TD Ameritrade's institutional customer program and Advisor may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between Advisor's participation in the program and the investment advice it gives to its Clients, although Advisor receives economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving Advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to Advisor by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by Advisor's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit Advisor but may not benefit its Client accounts. These products or services may assist Advisor in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help Advisor manage and further develop its business enterprise. The benefits received by Advisor or its personnel through participation in the program do not depend on the number of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to Clients, Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits by Advisor or its related persons in and of itself creates a potential conflict of interest and may indirectly influence the Advisor's choice of TD Ameritrade for custody and brokerage services.

Item 15: Custody

AW does not accept custody of Client funds.

Item 16: Investment Discretion

When we use Outside Managers for investment management, they will maintain discretionary authority over a client's account.

For those Client accounts where we provide Investment Management Services, AW has discretionary authority and limited power of attorney to determine the securities and the amount of securities to be bought or sold for a client's account without having to obtain prior Client approval for each transaction. Investment discretion is explained to Clients in detail when an advisory relationship has commenced. At the start of the advisory relationship, the Client will execute a Limited Power of Attorney, which will grant our firm discretion over the account(s). Additionally, the discretionary relationship will be outlined in the advisory contract and signed by the Client. Clients may limit our discretion by requesting certain restrictions on investments. However, approval of such requests are at the firm's sole discretion.

Item 17: Voting Client Securities

We do not vote Client proxies. Therefore, Clients maintain exclusive responsibility for: (1) voting proxies, and (2) acting on corporate actions pertaining to the Client's investment assets. The Client shall instruct the Client's qualified custodian to forward to the Client copies of all proxies and shareholder communications relating to the Client's investment assets. If the Client would like our opinion on a particular proxy vote, they may contact us at the number listed on the cover of this brochure.

In most cases, you will receive proxy materials directly from the account custodian. However, in the event we were to receive any written or electronic proxy materials, we would forward them directly to you by mail, unless you have authorized our firm to contact you by electronic mail, in which case, we would forward you any electronic solicitation to vote proxies.

Item 18: Financial Information

Registered Investment Advisers are required in this Item to provide you with certain financial information or disclosures about our financial condition. We have no financial commitment that impairs our ability to meet contractual and fiduciary commitments to Clients, and we have not been the subject of a bankruptcy proceeding.

We do not have custody of Client funds or securities or require or solicit prepayment of more than \$500 in fees per Client six months in advance.

Item 19: Requirements for State-Registered Advisers

Professional Designations, Licensing & Exams

CFP (Certified Financial Planner)®: The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with Clients. Currently, more than 71,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor’s Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board’s financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and Client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real-world circumstances;
- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics – Agree to be bound by CFP Board’s *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- Ethics – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their Clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board’s enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

Retirement Income Certified Professional® (RICP®)

The RICP® certification is a voluntary certification. Using the most current retirement portfolio management techniques, the RICP® advisor helps to identify retirement income needs and objectives relative to the client's lifestyle goals in retirement. Individuals who earn an RICP® designation can provide knowledgeable advice on a broad range of retirement topics including the proper use of annuities, mitigation of risks to retirement income planning, estate issues, Social Security, health insurance, housing decisions, and income taxation.

Other Business Activities

Andrew Tudor is not involved with any outside business activities.

Performance-Based Fees

AW is not compensated by performance-based fees.
